

# Local Government Pension Scheme (LGPS) Royal Borough of Kensington and Chelsea (RBKC) LG7 Declaration of LGPS Membership Form Guidance Notes for Members

The benefits payable to you or your dependants will be affected by any previous or continuing membership of the LGPS in England or Wales. **You must complete this form if you:**

- ✓ were previously a member of the LGPS in England or Wales, and/or
- ✓ you are still a member of the LGPS in an ongoing employment in England or Wales

**This is NOT the form to complete if you want to investigate a transfer of pension rights (other than LGPS rights built up in England or Wales).** Please complete form LG8 if you wish to investigate a pension transfer from a different pension scheme or arrangement to the RBKC LGPS.

## How we will use the information provided in this form

A copy of this form will be sent to the LGPS pension fund(s) named by you in **Part B**. We will also tell the administrators of that fund the date that you joined your current RBKC Pension Fund. In addition, in certain circumstances we may need information about your membership of another public sector pension scheme in order to provide you with an accurate pension transfer quotation (See **Membership of other public sector pension schemes** on the next page). If this applies to you then a copy of this form will be supplied to the administrators of the scheme(s) named by you in **Part D**.

## PART A – Your personal details

Please complete this section fully.

Your date of birth will determine the date your LGPS benefits are payable, and the amount of any transfer payment payable by your former scheme and must be verified before any pension transfer can be completed. Please attach a photocopy or scan of your birth certificate or passport and return it with this form. Do not send the original document.

## PART B – Declaration of LGPS Membership

To make sure that your LGPS benefits, and any LGPS benefits payable to your dependants, are worked out correctly, it is very important that you declare **all LGPS membership in England and Wales**, even if those benefits are not available to transfer.

You do not need to declare in this part:

- × A LGPS dependant's pension that you are receiving
- × Any LGPS benefits awarded to you as part of a pension sharing order following a divorce or dissolution of a civil partnership
- × LGPS membership in Scotland or Northern Ireland

Please complete **Parts B & C** for your most recent period of LGPS membership (and any other membership in that same fund) and a copy of **Parts B & C** for any earlier periods of LGPS membership.

**If you want more information about combining your deferred benefits with your active RBKC pension account, you must answer YES to Q1.**

## Transferring previous LGPS membership

You have the right to elect a pension transfer **within your first year of LGPS membership with RBKC**. Please complete and return this form as soon as possible after you re-join the LGPS.

It may be possible to investigate a pension transfer more than a year after re-joining the LGPS, but only if your employer and the administering authority give their consent.

Only certain types of membership can be combined with your active membership, and the rules governing pension transfers depend on what 'type' of LGPS membership you have:

- **Active membership / Pension in payment** – It is not possible to combine two periods of active membership or to combine a pension in payment with your active membership.
- **Deferred refund** – If your previous period of membership was not long enough to qualify for benefits in the LGPS, but you did not receive a refund of contributions, then you currently hold a deferred refund. This membership will be automatically combined with your active pension account.
- **Deferred benefits** – if your previous period of scheme membership was long enough to qualify for LGPS benefits then you currently hold deferred benefits. We will provide you with details of your options once we have received more information about your deferred benefits from your previous LGPS pension fund.

### Please be aware that:

- By completing this form, you have not made a firm commitment to combine your deferred LGPS benefits with your active pension account
- We will provide you with more information about your options before asking for your final decision (must normally be made within 12 months of re-joining)
- Depending on your dates of LGPS membership, a transfer may be automatic unless you elect to keep separate benefits
- If you became entitled to deferred benefits as a result of electing to opt out of the LGPS after 10 April 2015 then it **will not** be possible to combine these deferred benefits with your active membership

**Please read any documentation about a pension transfer carefully to make sure that you understand your options and any deadlines that apply.**

## Membership of other public sector pension schemes

If you have indicated that you wish to investigate combining deferred LGPS benefits with your active membership (by answering **YES** to **Q1**) then the options open to you may be affected if you have membership of another public sector pension scheme. The information you provide in **Part D** will be used to ensure that your entitlements are correctly calculated.

Please be aware that by completing this section **you are not making a request to transfer these non-LGPS pension benefits to your active pension account**. Please complete form LG8 if you want more information about transferring non-LGPS (England and Wales) benefits to your active RBKC pension account.
